"People Are Funny" Includes Acts Of Public Officials Of C & S FCD

When stubbornness is mixed with ideas of grandeur of position, infallibility of judgment and personal possessive rights in a public position, things happen that are not matters of pride to teachers of democratic government.

Bill Ritt and Dave Click, as Chairman and Vice Chairman of the Central & Southern Florida Flood Control Board were assigned the job of studying the matter of the islands on Lake Okechobee by the Board. The Board made an offer to the Islanders in a lump sum offer to allow individuals to leave the islands on their own terms. The Board, after several public criticisms by the Board of Conservation in Tallahassee and later changed that lump sum to allow individuals to accept without prejudice to others. Still later they were asked to revise the original offer to each individual to correct "apparent errors and inequities" by the Tallahassee Board.

J. V. Squad Enters Tournament At WPB

Belle Glade faced Riviera Beach at 7 p. m. Thursday in a full slate of Junior hardware tournament play at Central gym at West Palm Beach. The drawing Sunday saw eight A team entries and 11 B division contestants.

Should Belle Glade's JV's survive their first net tussle, they'll face Canal Point at 5 p. m. today, division teams include Jupiter, Lake Worth, Conniston, St. Ann's, Northboro, Riviera Beach, Central and Palm Beach.

B division teams include Pakenoke, Canal Point, South Bay, Belle Glade, Northboro, Greensboro, Conniston, Palm Beach, Central, Lake Worth and Riviera Beach.

Cosched by Jack McCaskill during the undefeated season play, the JV's now have Luke Thornton as mentor since McCaskill has taken over command of the Ram varsity diamond squad.

Pack Charter Presented Thursday

The Boy Scouts of America, Pack No. 622 Cub Scouts and their Den Mothers entertained their families Feb. 27 with spaghetti supper at Jameson Hall.

Blue and Gold colors of the Cubs were used in the color scheme and the parents of all the Cubs assisted the Den Mothers in preparing the food.

Following the dinner, awards were presented to the committee.

Rev. John G. Gill, Jr., minister of the Methodist church, who is sponsor for the Pack had a committee serving in arranging the tables and taking charge of the coffee and drinks for the children. F. C. Schoenfeld, chairman of the committee, Dr. J. N. Wiser and his wife headed this committee.

Rev. John G. Gill, Jr., minister of the Methodist church, who is sponsor for the Pack had a committee serving in arranging the tables and taking charge of the coffee and drinks for the children. F. C. Schoenfeld, chairman of the committee, Dr. J. N. Wiser and his wife headed this committee.

County May End Free Distribution Of Surplus Foods

The third distribution of surplus food in the Glades got underway Thursday with nearly 400 families being served to 11 o'clock. Capt. John McLaughlin, supervisor of the program for the county commission said this might be the last distribution needed.

Officials expected to serve 1,600 families here and complete the work in one day. County Commission Chairman Roy Michaels told Kroeze Thursday morning that there would be a check of conditions later next week to determine if another hand-out day was needed.

Mrs. Mabel Powell, in charge of the distribution at the Belle Glade National Guard Armory, announced that today more volunteers had turned up to aid local volunteers and Salvation Army workers.

School Addition Pushes Construction Valuation For February Increase

Valuation of building construction at Belle Glade jumped \$184,892 in February compared to January pushed up mainly by the permit for a \$199,200 school addition at Belle Glade High School.

Valuation in February was \$284,127 compared to \$79,225 in January 1958. Valuation for the first two months of 1958 amounted to \$343,352, an increase of \$69,120 over the same period in 1957.

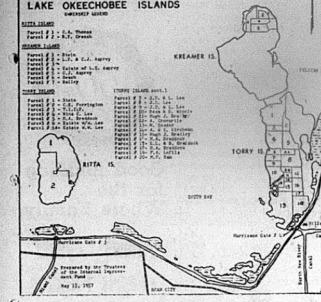

New home valuation was \$40,800, a residence for John Atkinson at 404 NE 1st St. (\$9,000), and Mt. Zion AME Church parsonage at 933 SW Ace. C. (\$9,000).

More Progress Is Noted On Farm To Market Road Web

Information about vital farm-to-market roads in the Glades and encouraging information about Belle Glade's Avenue E was forthcoming this week from Canal Point County Commissioner Paul Rardin.

Paving operations are in progress on Avenue L (Airport Road) by county crews who have completed six miles of asphalt-slab topping to provide a vital farm-market link which meets state specifications.

Continued work on this artery is expected to continue until a total of six miles is finished. Rardin said no plans had been considered to link the Airport Road with SR 80 at Nine Mile Bend.

LAKE OKEECHOBEE ISLANDS

U. S. Department of Agriculture, Soil Conservation Service classifies, without exception, all lands included in the island ownerships:

"Peat and muck soils - deep bed of the Cistard Apple land and Okechobee muck. Muck 96 inches or more (depth) and Creoland."

Temperatures:

The tempering effect on cold wind through their passage over open water affect different ownerships in the same degree as the amount of open water under these winds as they approach the land.

Theoretically, then, the north end of Ritta and Krieger Island and the west side of these Islands and Tory reef the greatest benefit from the prevailing northwest winter winds.

The degree of frost protection lessens foot by foot away from the north and west sides of the Islands.

The southeast corner of each of them, then, is, theoretically, the coldest generally.

When cold winds from the east back up from the swamps, the east and south sides suffer most.

Years of observation by oldtimers confirm these general actions.

It seems, therefore, logical that being of the same general soil classification, and noting the variation in frost advances, we have the basis of comparison for the several ownerships protected in basic land values.

Availability of fresh lake water for irrigation and disbursement of excess water are assumed equal on all.

Improvements - dikes, ditches, pumping equipment and rock roads - are a matter of cost and serviceability.

Trojans Eliminate Ram Cage Quint

Belle Glade High School's tournament activity was limited to a one-game tilt with Lake Worth which the Trojans won 49-45 Thursday, Feb. 27.

As expected Pompano went through the pairing to emerge the victor after a 72-46 win over Key West in Group 8A ball.

The Ram's Johnny Thomas notched another honor on his belt with an all-tourney team placement. Lead by Thomas, the Rams outscored the Trojans in the last two stanzas, but couldn't get enough. Thomas closed the net season with a 26.6 tournament average including the Okechobee Invitational.

Other members of the all-tournament squad were Don Hughes, Larry Coker and Dowell Bates of Pompano; Ed Solomon and Bill Zumbier, Key West; Larry Brown and Ronnie Kinkley, Lake Worth; Roy Johnson, South; Dade; Paul Anthier, Central Catholic.

Canal Point Boy Drowns In Canal

The body of 10-year-old Douglas Brooks, fifth-grader at Canal Point School, was recovered from West Palm Beach Canal about 8:30 Saturday night nearly six hours after he submerged while swimming.

The youth, son of Mrs. Edith Brooks, Canal Point, said to have been drawn by the swift current through the open hurricane gate. His body was discovered about 150 feet from the point where he dived.

The body was recovered by Henry Kautz, Canal Point plumber.

An eye-witness, Van Wilson said the Brooks had apparently dove into the water to cool off. Friends of Franklin Howell and Ray Hays, both of Canal Point, failed to locate the body with skin-diving equipment.

Beep... Beep... Beep

Gainsville postal authorities are probably mulling in their stamp drawers about the letter they flew down here Mar. 3. The special delivery job was addressed to:

"Hon. C. J. Aspey, Head Listener, Lions Club Interplanetary Communication, c/o The Herald, etc." Inside it went on: "Lions Club, Satellite, Water Tank Tower."

The contents nearly shattered it would be interesting to say that the interplanetary communications service of the U. S. of Fla. division of Satellites, Satraps and Saps have been receiving beepings and are unable to interpret their meaning.

Superintendent Donald D. Parke Resigns His Post

Herbert Beck, chairman of Belle Glade Memorial Hospital board announced the resignation of Donald D. Parke, hospital superintendent and assistant secretary of the board effective on or about April 1. Parke has held that post since June 14, 1951.

In a letter made public by Beck dated Feb. 28, Parke said, "I hereby tender my resignation as superintendent of Belle Glade Memorial Hospital and assistant secretary of the board effective on or about April 1, subject to accrued vacation time."

Parke stated in the letter that it had been a pleasure to work with the board and expressed his appreciation for the cooperation and assistance given him in the performance of his duties.

District P.T.A. Approves Plank As Legion Fights

In the face of strong opposition from a Belle Glade delegation, voting members of P.T.A. district 11 approved a controversial plank at the state convention. Complete details of the action could not be discovered late Thursday.

The P.T.A. president Mrs. Frank C. Anderson declined further comment on the action at the convention Thursday that district officers were brushing aside what appeared to be the main stumbling block to ratification of the platform.

Those expected to attend the district convention at United Congregational Church were Emmett Roberts and Mesdames Frank Dooley, Lorenzo Connel, A. B. McCarty and Frank C. Anderson (Continued on Page Eight)

Art Mooney Band Set For JC Ball

The Art Mooney Band is scheduled to perform at the Junior Center ball on Saturday night.

Chamber Notified Of TV Salutes To This City

Without too much explanatory information, television station WTVT, Channel 4 at Miami, announced through a letter to the Belle Glade Chamber of Commerce this week that Mar. 8 would be "Salute to Belle Glade Day" at the station.

This was the first notice of such a plan made public, the chamber said. It was not known at press time what local representation, if any, was planned.

Poole Rites To Be Held Sunday

Services for Julius D. Poole, 59, well known merchant who died early Thursday morning at his home 225 East Lake Rd., of a heart attack, will be conducted Sunday afternoon at 1 o'clock at the Church of God, Rev. David A. Frazier, pastor of Christian and Missionary Alliance Church, will officiate, assisted by Rev. D. J. Cupp. Interment will be in Ft. Myers Cemetery, Ft. Myers at 4 p. m.

A native of St. Marys, Poole came to Belle Glade in 1932 and owned and operated the Poole Hardware Store at Belle Glade. He was a Presbyterian by faith.

Produce Moving Better This Week

Favorable growing conditions brought a gradual increase in produce moved from the Glades this week. A total of 132 cars moved by rail with the daily average rate of 15 cars.

E. C. Commercial Agent R. E. Hotard predicted that movement would be 2,500 cars in the last year of 1957, but a gradual increase then would narrow the gap by June 15.

Most prices were low or moderate on the scant offerings. Cabbage, celery and radishes are moving well.

Duncan Speaks On Delinquency Problems

The second article in a series of informative pieces by the County Executive for Western Palm Beach appears in this issue.

In the first of a two-part article, Duncan describes the institutions and facilities for the care of the county's delinquents. For a serious, straightforward article, you're certain to find vital, turn to page four.

Child, 3 Found Drunk At Home

A mother of three children was charged with contributing to the delinquency of a minor child neglect, drunkenness and resisting arrest Mar. 5 after Assistant Juvenile Counselor Gene Duncan found the woman unconscious from drinking at her home.

Duncan's account says, "Acting on a complaint from a neighbor... I went to the house and took into custody three children, ages 7, 5 and 3. The mother was placed in jail."

This case had been under investigation for some time. It seems that the mother and father are "wine-heads" and when drunk, do nothing for their children. I saw it first hand! The mother was passed out-drunk. Her three-year-old son was also completely drunk! (Later verified by a physician). She and a man... had allowed this child to get intoxicated.

The father was not arrested because he was sober. A petition was filed in Juvenile Court declaring the children to be dependent due to parental neglect, poor home environment and home conditions injurious to morals.

Oseola Housewife Is Buy-Rime Winner Today

Another triumph about Glades buying was forthcoming from this week's BUY-RIME winner, Mrs. Penelope Bondad, of Oseola Center housewife.

Our hidden BUY-RIME this week was: "Homelands are the lifelines to a thriving community." Mrs. Bondad found another way to express what we've been saying all the time: "Local buying brings town and neighborhood unity."

Visit your neighborhood merchant and businessman this week and get to know your neighbor.

Fiber From 60,000 Acres Of Kenaf Sought On Behalf Of Jute Industry

Frank E. Wilshear, President of Schlichter Cordage Co. and President of the Soft Fiber Manufacturers Association, called on users of 240 to 300 thousand tons of Pakistanian jute annually to take substitute of 60,000 to 75 thousand tons of kenaf fiber for that amount of jute "as a safety value" and "in the interest of strategic defense."

"Effective last Friday the Pakistan government made effective a plan which leads to nationalization we believe, and which jeopardizes seriously our sole source of jute fiber," said Mr. Wilshear.

"We have found through tests that kenaf fiber is a very satisfactory substitute for jute, in 75 to 80% of end uses. We, therefore, as manufacturers feel that definite steps must be taken to insure this source of a satisfactory substitute, both for our own industry and for the benefit of many strategic defense items."

"Our group will urge our Defense Department and our Department of Agriculture to immediately take steps to establish a kenaf industry among the farmers of our country."

As our contribution to this effort we will, I am sure, assign some 20 to 25% of our annual needs of 240 to 300 thousand tons to a domestic kenaf fiber. (Continued on Page Six)

Residents Plagued By Garment Thief

For more than a year now residents in the southeast section of Belle Glade, particularly on SE 4th and SE 5th at Ave. E, have been plagued by the torments of a thief who steals only women's garments.

More often than not the thief, or thieves, returns the clothes a few weeks or months later. The owners find the clothes mysteriously returned to their homes, or thrown under houses or over clothes lines.

In other incidents women's lingerie are still available, only ripped to shreds. Discarding pranks and the work of large, playful dogs, Belle Glade (Continued on Page Eight)

Legion Membership Now 219, Commander States

Everglades American Legion Post 219 now shows 219 members for the year, 100% of the year's membership, which entitles the organization to a Legion award, it was announced Tuesday.

Commander W. H. McCarty announced that the Legion 39th birthday would be observed Mar. 14 at the Grand Armed Forces Day May 17.

Applications for Florida Highway Patrol Auxiliary membership are still available at the post. The commander requested that those who had taken cards recently be completed as soon as possible. He also urged as many legionnaires as possible to take part in this program.

There's Credit For Good Farmers!

"If you, as a farmer, or if you have a friend who needs money, we are looking for borrowers, and it's not government money," is the essence of Frank C. Anderson's talk to Rotarians Friday.

Charlie is a Cracker boy who is Secretary and General Manager of the Miami Production Credit Association, "the best, and the biggest in our district."

MPCA loaned \$5,327,000 during '57 to farmers in the nine southern counties of Florida with a maximum of \$4,007,000 outstanding at one time. With a worth of \$835,000 and the ability to borrow from the Intermediate Credit Bank in Columbia six times that amount you will see that there's near \$8,000,000 available.

Churches Of Christ, Scientist

How spiritual understanding of true manhood brings new health and freedom will be explained Sunday at Christian Science services.

The Lesson-Sermon entitled "Man" will include the following passages from the Bible (Psalms 16:5, 6): "The Lord is the portion of mine inheritance and of my cup; thou maintainest my lot. The lines are fallen unto me in pleasant places; yea, I have a goodly heritage."

A pastor of the First Missionary Baptist Church of Jacksonville, Elder W. Watson, one of the leading evangelists of the south is conducting evangelistic services at the First Baptist Church of Chosen. Churches Of Christ, Scientist

How spiritual understanding of true manhood brings new health and freedom will be explained Sunday at Christian Science services.

The Lesson-Sermon entitled "Man" will include the following passages from the Bible (Psalms 16:5, 6): "The Lord is the portion of mine inheritance and of my cup; thou maintainest my lot. The lines are fallen unto me in pleasant places; yea, I have a goodly heritage."

BGMA Cancels Sunrise Services

Members of the Belle Glade Ministerial Association, meeting at the Community Methodist Church March 3 during their regular monthly meeting, decided not to sponsor a community sunrise service for Easter this year.

Reason given for the decision was the fact that sunrise and participation during the past two observances. Association members, Rev. Varnum explained that any services would be conducted individually by churches.

In other business Monday the association named Rev. August Koerber as radio program coordinator replacing Rev. L. C. Woolridge who resigned. Rev. Varnum also announced that three more ministers had been added to the list of churches who would submit weekly Bible thought articles for The Herald.

The Rev. W. M. Malcolm conducted the meeting in the absence of the chairman, Rev. John Gill, Jr., who is conducting a revival in Miami.

Altar Society Meeting
St. Philip's Altar Society will meet at the home of Mrs. August Kirchman, 659 S. E. 3rd St., Tuesday March 11 at 8 p.m. There will be a guest speaker.

Woman Seeks A Good Samaritan
A Pensacola lady, Mrs. L. G. Tipton, recently wrote a letter to the Western Union News Service here thanking the home for their service to her late husband.

Mrs. Tipton sought help from Mrs. Gladys Williams in locating an unknown person who helped her husband. "My husband told me before he died that it was a young man that rescued him, so I would be glad if you would send me the name of your local paper and the name of the Highway Patrol so I can try to contact this young man as he truly deserves recognition," she wrote.

"You may serve many that take your service for granted but some are worthy and honest — so again accept my humble thanks to you and all who were trying to help."

"My husband was a minister and a teacher for many long years. If you wish you may call the paper and get them to publish the call for the name of this young man," she concluded.

FHP Trooper Danney Jackson worked the case on Jan. 2, 1958 at 7:30 p.m. Any one having any information about whom the mystery man who aided Lucius Grady Tipton is asked to write: Mrs. L. G. Tipton, 291 W. Jackson St., Pensacola, Fla.

Missionary Convention Will Close Tonight
Rev. R. H. Smith, missionary, will be the guest speaker and show colored slides at the conclusion of the three night services held this week at the Christian and Missionary Alliance Church here.

Pledges will be taken at the close of services according to David Frazier, pastor as this is customary in Alliance Churches. The pledges will be paid in the coming year. Rev. T. G. Mangham, district superintendent, will be present at the service to assist in taking pledges.

The public is invited to attend this last service which is being held at 301 S. W. Ave. A, next to Will's Hardware Store.

Presbyterian Circles Announce Projects

Circle No. 3 met at the home of Mrs. Dick Murray Tuesday morning with Mrs. W. K. White presiding and giving the devotional. The Bible Study on "A Learning Circle" was given by Mrs. Sam Crissman.

Project of the circle last month was assisting in the migrant relief program and for March the group will help with sewing and mending at the hospital. Fourteen were present.

Circle No. 1 Mrs. Urban Felt was hostess to Circle 1 Tuesday evening with Mrs. Tom Parker presiding, who read a report from the board meeting. The Bible study was led by Mrs. Lois Ruff and conducted as a group discussion. The circle project for March is to send a letter will offering to Thornwell Orphanage to purchase new articles. Nine members were present.

A covered dish supper will be held at the church Thursday evening, March 13 at 7 p.m. Every church family and their guests are invited to attend. The general meeting for Women of the Church will be conducted Tuesday, March 18 at the church at 8 p.m.

Sunday School Group On Program Of WSCS
The Star Circle was in charge of the program at the regular meeting of the Womens Society of Christian Service last week. Mrs. K. S. Smith, Jr. gave the devotion and Mrs. James Wiergren presented her study in a program on "Children's customs in Japan." They were dressed in Japanese costumes and gave "Festival of Dolls."

Mrs. George Stanley gave a report on the work being done by the Migrant Relief program and talked the need for variety of clothing. The group voted to give \$25 toward the relief fund. Announcement was made of a West Palm Beach district conference to be held in Pompano March 18 and a workshop on promotion to be conducted here by district president and secretary of spiritual life.

A nominating committee was elected to present a new slate of officers, they were Mrs. William Graber, Mrs. George Farfall and Mrs. H. C. Dras. Refreshments at the close of the meeting were served by Mrs. Herman Close and Mrs. Richard Hodges.

TODAY'S Meditation
Cleanse me from my sin. For I acknowledge my transgressions.
Read Psalm 51:10-19.
In the world's great literature there are two great stories which have to do with kings and the acknowledgement of their sins. One is a tragedy because it is a story of remorse. The other is a triumph because it is a story of repentance. Macbeth, in Shakespeare's play, saw that he had done wrong in murdering Banquo. The gnawing of his guilty conscience drove him to destruction. David, in the Old Testament, knew he had done wrong in causing Uriah's murder, but he took his sin to a pardoning God. David had a change of heart and became a better man, blessed by God's saving mercy.
Remorse comes from a word meaning "to gnaw," but only God can work that change.

Fiber From 60,000

(Continued from Page One)

not for one year but as a continuing plan.

Mr. Willsher, on a vacation visit to Florida, came to the Everglades Experiment Station to talk with Dr. R. Y. Allison and Mr. H. G. Morton and was invited to attend the monthly meeting of the Board of Directors of RDB Tuesday night.

In discussions following Mr. Willsher's talk to RDB it was brought out that 60,000 tons of kenaf fiber would require some 60 to 75,000 acres of muck lands, 60 to 80 units of about the size of the Newport ramie project.

It has been established that the Newport fiber unit and the one at Hillsboro averaged approximately \$200,000 annually each in payrolls, mostly in the summer.

So, it was pointed out, use of 60,000 acres of land carrying an annual payroll of some \$6,000,000 is what Mr. Willsher is talking about.

"We will purchase some kenaf fiber now, today," said Mr. Willsher.

Dr. W. T. Forsee, chemist-in-charge, and Dr. Allison of the Experiment Station, joined by Morton intimated that this offer of Mr. Willsher's is the "greatest and most substantial encouragement we've seen from industry towards the establishment of a Kenaf program in the Glades."

It was pointed out repeatedly that kenaf will grow wherever there is 90 days of sunlight, and therefore offers to all the south Atlantic and Gulf states a new crop.

Incidentally, the soft fiber manufacturers use of say 300 thousand tons annually represents about 30% of the total use of jute in this country. Practically all burlap is imported already woven, and this weaving could be done here.

Mr. Nebur and Pakistan are at each other's throats for the same reason that India kicked the British Lion out of India, and both are raiding our treasury by a wagon-loads in the name of "spreading the story of democracy."

NEGRO NEWS

Three Negro Youths Are Charged For Crimes Here

Two 12-year-old Negro boys have been charged with bicycle

theft from Bailey Roofing this week, according to the Glades Assistant Juvenile Counselor. Both boys have previously been on probation for shoplifting. Following a hearing at juvenile court, one youth was committed to the Florida School for Boys at Marianna and the other was sent to the county home.

In one other incident a 14-year-old Negro youth from South Bay, a graduate of Marianna, has been charged with breaking and entering Frank Anderson's office at South Bay. South Bay Police Chief Marvin Davis also discovered the larceny of several items. Attempts were made to open the office safe, Davis reported.

The case was to have been heard yesterday. Chief Davis reportedly apprehended the youth and connected him with an illegal entry of James Sumner's office after Davis found a piece of paper in Sumner's office typewriter with the youth's name on it.

Okeechobee Elementary Stages Annual Operetta

Okeechobee Elementary School staged its annual operetta Wednesday night by presenting two plays featuring students of the intermediate department. About 30 students took part

in "Grandma's Pageant of Memories" and "Closing Days at Beaverville School." Teachers John Powell and Graux supervised the productions.

Principal St. Elmo Graux announced that the State Board of Health dental unit would visit the school Mar. 19-24 to examine first and second graders and others if time permits.

Speaker Slated At Kingdom Hall

The Belle-Glade Southwest unit of Jehovah's Witnesses will be visited by Sterling W. Gray, Jr., circuit traveling representative of the Watchtower Society, Mar. 4-9.

Hoping to strengthen ministerial activities in the local congregation, Gray will present Bible talks and practical application of the door-to-door ministry.

Cedric Doyling, presiding minister here, announced a series of meetings scheduled during Gray's visit. Tuesday, 7:30 p. m., Bible speaking and ministry development classes at Kingdom Hall, 417 SW 6th St.; Wednesday, 8 p. m., Gray's visit to Kingdom Hall; Saturday, 8 p. m., Kingdom Hall, special session by Gray.

Sunday, 4:30 p. m., Gray delivers the topic "Meeting the Needs of Life-Seekers." Following will be the weekly Watchtower study. All of the meetings are free and open to the public.

Concern Voiced For Polio Shots

State Health Officer, Wilson T. Sowder, has expressed concern at public complacency about polio situation. He said this week that parents would be blamed if their children contracted the disease since almost sure protection by immunization is available.

Sowder noted that last year's figures show a definite trend toward an increasing proportion of polio cases among Negroes as compared to White people, particularly in rural areas.

He urged employers and others interested in the health of such families to make a strong effort this spring to get isolated and uninformed groups to have their children immunized.

If the first shot is given now, the second can be given before the onset of hot weather. Thus, any child whose immunization is begun now will be well on the road to immunity before the danger of polio becomes greater, as it does in the summer, Sowder stated.

Salk shots for polio immunization can be received from any private physician, Sowder reminded, or for those needing such assistance, from county health departments.

Gifford Wins In District Tourney

Belle Glade's Lake Shore Bobcats pushed over Delray Beach and Ft. Pierce in district conference basketball play last week end before being stepped out in the finals by Gifford Vero Beach.

Coach Ben McCoy's quint drubbed Delray 59-38 Friday and put down Ft. Pierce 47-43 Saturday morning. Gifford's cagers won 54-39 in the final game.

Center Ed Gainer was voted the best tourney player by coaches and officials. Louis Dublin, "Cat guard," was third highest. Marion Sherrod missed the tourney all-star team by one point. Louie Harrell and DeLores Wilson won berths on the girls' team.

Against Delray Glover hit 15 points; Gainer got 14. Gainer made 17 and Glover 14 against Ft. Pierce. Glover scored eight and Gainer 6 in the Gifford contest to lead the Bobcat scoring.

The girls beat Moore Haven 35-28, defeated Clewiston and then lost to Titusville. They also won the consolation game to Okeechobee.

State Games State tournament play began Thursday at 8:30 at Ft. Pierce when the Bobcats faced Apopka. A ten-team affair with Gifford, Ft. Pierce, Apopka, Eustice, Leesburg, Brooksville, Sarasota, Clearwater, Lake Wales and Belle Glade, the winner will enter the A.A. tournament at Tallahassee.

George McKay Leaves Center For WPB Position

George McKay, Okeechobee Center bookkeeper, has terminated his position at the center to take over operation of a sandwich shop at West Palm Beach, he informed the Housing Authority this week.

McKay, who came to Belle Glade last August, said this week that he would still visit the center each Wednesday to assist Reverend William Brooks in the recently-organized teenage recreation program.

McKay, in addition to his duties for the Housing Authority, was a news reporter for The Herald.

Funeral rites will be announced by Taylor Funeral Home for John Bland, about 60, 741 SW Bland, who was held at New Bethel Baptist Church, Pahokee, with Rev. O. D. Williams officiating Tuesday following Bland's death at his home of natural causes Feb. 28.

Service arrangements will be announced by Taylor's Funeral Home for Ollie Mae Scott who died Mar. 1 at Everglades Memorial Hospital. Complete information was not available at press time.

School Daze

By Audrey Walker

Doonesville, March 7, at 9:00 in the morning without waking up Old Jack Frost's icy fingers creeping under the covers every time you move a little? Maybe this new burst of "Florida" weather will give us the pep and energy that we all need to finish this school year. With all the activities that are planned, such as the Student Council dance, the Prom, the Senior Play, etc., it seems that these last twelve weeks should pass rather swiftly.

Dance Tonight

Tonight, March 7, at 9:00 in the National Guard Armory the Student Council is sponsoring a semi-formal dance with music by the Trail Blazers Band. Admission — \$1.00 per couple; 75¢ per person alone.

No Teachers

Heavenly daze! Can you imagine spending half the morning in school with no teacher around to push your nose into a book? Well, that's the way it has been around here lately, because so many teachers are sick in bed. By the time these teachers get back the teachers who are now trying to carry a double load will need to stay home and rest a few days. This could go on forever... (dream on little girl). Seriously, though, I hope the teachers soon get well for their sake and ours—having nothing to do gets rather monotonous.

Room For The Groom

"Room For The Groom"—A comedy in three acts, written by John P. Henderson. "One might say that it all started with the ladder... and ended with the whole family's using it in a funny fashionful plot to help preserve Leslie Allen and her hapless fiancee! And if Aunt Lottie, a well meaning doting old soul, had been able to resist her lifelong impulse to climb down a ladder in the moonlight... Room for the Groom" will be presented by the senior class of BGHS on March 20th and 21st. The main characters are portrayed by Molly Forth, Charles Schenfeld, Terrell Williams, Phil Grant, Cline Faulk, Sandra Gove, Estelle Bailey, Tommy Dunlap, Naomi Ford, Jay Freeman and Barbara Mason.

Lines For BGHS

This year BGHS will receive a linen set as a gift from the FFA and FFA clubs and a junior class. The FFA girls will make the set next week so it can be used at the Junior-senior prom and banquet on March 28th.

FFA Team Gives Program For BPW

Members of the Business and Professional Women's Club enjoyed a program on Parliamentary Procedure, presented by the FFA team under Sam Lovell, Ag teacher, at the regular meeting Monday night.

The team including Terry Sands, Neal Livingston, Sidney Pearce, Jimmy Wooten, Russell Barry, Jackie Hooker, Alvin Schlechter and Bobby Johnson demonstrated the fine points of parliamentary procedure on ability to reconsider, rise and point of order, to dispose of a motion and amendment, lay a

motion on the table and others. Mrs. Rosa Nash, program chairman introduced the guests.

Following the program a brief business meeting was held with Mrs. Corinne Tittsworth presiding. Following a letter read from the Chamber of Commerce about participating in the Fiesta Parade this year the club voted to do so. A committee including Mrs. Milton Barry, Mrs. Kathleen Livingston and Mrs. Attery Jones were appointed to work out details on "The Woman of the Year," to be given at the next meeting on March 17. At that time Mrs. W. Mosley will have charge of the initiation of new members.

Refreshments of cake, punch and cookies were served by Miss Gloria Crosby and Mrs.

Marybelle Rawls for Mrs. Imogene Fontaine who was unable to be present.

Sismograph Study Due Soon On Lake Okeechobee

Announcement was made this week that the California Oil Company will be doing exploratory sismograph work in Lake Okeechobee sometime soon.

In making that fact public, Louis F. Gaine, Regional Manager, Everglades Region of the Game and Fresh Water Fish Commission, said the work involves the use of explosives; however, work in the lake last year showed that this operation was not detrimental to fish populations.

District P.T.A. (Continued from Page One) and Frank Hobbs.

Focal point in the dispute is paragraph five which vaguely states that the PTA should "be the United Nations and all its subsidiary organizations."

Opposed by many groups and individuals, including the American Legion, this paragraph approval has caused heated sessions since the state PTA approved the wording at Orlando recently. A district group meeting at Clewiston earlier this week opposed adoption of this paragraph 23-11.

The Belle Glade PTA Board agreed Tuesday to try to defeat the passage at the district meeting.

Even though the state PTA had approved the wording, the two-thirds of the individual members must also approve it. Led principally by the American Legion, the Glades, more and more groups are defeating this section of the plan.

The American Legion's reason for fighting this paragraph stems from the fact that a U.N. member is not a U.S. citizen. The United Nations Educational, Scientific and Cultural Organization, an international organization, is a government-controlled education, no parental participation in school programs or interests. All of which are in direct conflict with the American Legion principals.

In fact, UNESCO is against PTA groups. In line with a National American Legion resolution, Legion posts throughout the state are seeking to defeat approval of paragraph five by calling this fact to the attention of all PTA groups.

County May End (Continued from Page One) Airport, and six miles from First Presbyterian Church, West Palm Beach, in addition to Glades church helpers.

Long-Range Aid While the situation was being handled throughout the Glades and rest of the county, State Representative E. M. S. Roberts reported on his Tallahassee meeting on migrant problems.

The governor's committee agreed to consider a tax levy on citrus and vegetable shipped from Florida. Agricultural interests who would pay such a tax will be invited to an April 21 meeting at the capitol.

Roberts said he didn't think this proposal was a complete answer since it isn't known how the tax would raise enough money and the workers themselves would be contributing nothing to the fund.

Under the proposal the money would go into a fund for housing loans and food programs in emergencies. Palm Beach County leads the state in the number drawing federal surplus funds.

reflect these temperature differences.

We point out here only differences in basic land values; improvements on them are not involved.

The lands of Thomas and Creech have a common border line, with Thomas' holdings extended into Creech's.

Tracts 2-3-4 and 5 are Aspey's — C & S F offer \$303 per acre, and Creech \$217 per acre.

Tract 6 is Beach property—C & S F offer \$160 per acre. Tract No. 1 is Stein's—C & S F offer \$208 per acre.

Tract 1 is owned by Rutledge & Burnett, on which the offer is \$132 and \$23 per acre respectively.

Tract No. 2 is Farrington, C & S F offer is \$246 per acre. These three tracts are contiguous and only a survey can determine the exact property lines.

There's a difference of \$191 per acre for apparently the same lands.

Tracts 11 & 15 are Bratley's with offer of \$234 per acre. Tracts 13 & 14 are Kirkman's and offer is \$280 per acre. These tracts separate 11 and 15.

Tract 10 in Wilcox, offered \$286. Tract 20-21-22 Winnies and offer is \$250, as is Tract 12; Tracts 6-8-7, 8 and 9 join lands on the south valued at \$250 and \$280 per acre and offer is \$180.

Tract 5 has an offer of \$319, and it joins Lee on north. Tract 19 is LeFell's—offered \$180 per acre.

Tract No. 18 is Bradlock's—offered \$319 per acre. In view of the above facts, it is apparent that intelligent and fair minded motives produced this, or do you think arrogance and ignorance prevailed?

Prizes, pictures and names of contestants will be announced soon. To date the list of judges includes Miss Louise Wilson, Head of the Palm Beach School of Modeling; Art Mooney; Robert W. Schab; State Jaycee; and Miss Molly Turner of WPST - TV, Channel 10. Other judges names will be forthcoming.

Superintendent (Continued from Page One) following a Mar. 10 meeting of the board.

Asked by The Herald what the superintendent's decision to resign, Parke said, "I thought it was the thing to do for a number of reasons. He said his future plans were not mature."

Speaking of Parke, Beck said, "I consider him a fine man and a good administrator."

Parke succeeded Earnest Fiedler in the superintendent's post.

Ram B Squad Finishes With 5-13 Net Record Belle Glades High School's B squad wound up their season with a 5-13 record. While the record is unimpressive, Coach Vince Marquette and Varsity Coach Hector Ouellette agreed that the boys were vastly improved in basketball skills.

Their opposition totaled 74 total points throughout the season while the B-Rams got 688. Most of the losses were by small margins although they took a few pastings and delivered a few along the line.

Offensively Ronnie Hudspeth, Jim Challancin, Sidney Pearce and Roger Walker were outstanding on the squad. Most of the boys produced more than 100 points in the scoring sheets.

(1) Budgeted loans — the money available as is needed and interest charged for actual days used.

(2) Loans based on necessity, needs and wants. A careful investigation of a farmer and his operation leads to itemizing of necessities, a listing of needs and a look of advance at wants.

They are susceptible to wants as a reason for borrowing, but suggest a propitious time that being when Paw has the money, and can spare it after necessities and needs.

Production loans usually are secured by a mortgage on real estate, a lien on the crops produced and a supporting collateral of a lien on chattels.

"The reason for this" says Mr. Long, "is in order that the farmer who has a farmer over for a long year, and give him money for operating, if he runs into such a year as this one."

Southwest Wins Class B Crown

Pahokee High School's Blue Devils made their 5-13 season record look like so much more when they won the Class B basketball tournament at Okeechobee as they slid past St. Ann's and Naples only to drop a 51-29 verdict to Southwest High of Miami.

After their 50-49 success by St. Ann's, the Blue Devils upset Tamiami Trail Conferenceers.

co-umps, Naples, 38-35. Southwest High, playing its second year of basketball, held the Devils to a miserable six-point first quarter then brightened their defense and stopped the lakedwellers with only three more in the second stanza. Pahokee outscored their opponents 16-12 in the third stanza, but managed only four points in the final frame. Jim Eagle was high with eight points, Phillips got 7 for the losers. Chris Lettters, who netted 45 points against Okeechobee, was held to 17 market Tamiami Trail Conferenceers.
